All the activities listed above are in some way part of the occult. The word occult means hidden. The devil is very clever. He morphs his identity and masquerades as things we would consider normal, common, or harmless in order to gain entry into our homes and lives. The Word of God clearly warns us that the devil comes to steal, kill, and destroy.

John 10:10: The thief [satan] cometh not, but for to steal, and to kill, and to destroy: I am come that they might have life, and that they might have it more abundantly.

There are reasons these activities are forbidden. For example, some have

consulted mediums in order to contact a loved one who has died. They will say, *"I know that really was my loved one I was speaking with, because he told me things about himself that only he would know."* What people do not realize is that the "person" to whom they thought they were speaking was actually the demon that was assigned to their loved one during his lifetime, and therefore knows these details about him. So beware!

Some people like to practice yoga, yet they are unaware that many of the poses are of occult origin. They will tell you they only do the exercises, but are not into the religious side of it. Their mere participation in this activity opens up a gate for the demonic to come into their life and play havoc.¹ Beware!

God is the source of all wisdom. It is an insult to Him to consult a demonic source to get wisdom or counsel when the Bible clearly tells us we can go to Him.

James 1:5: If any of you lack wisdom, let him ask of God, that giveth to all men liberally, and upbraideth not; and it shall be given him.

God's counsel is always for our good; the devil's counsel is always for our destruction.

Luke 7:30a: But the Pharisees and lawyers rejected the counsel of God against themselves,

To whom will *you* go for wisdom and counsel?
